COOKIES

Classic Peanut Butter Cookies

with a Twist!

These cookies are made by roasting and peeling peanuts, crushing and puréeing them, and then blending them with flour and oil. After being

brushed with egg yolk and baked until golden brown, they're allowed to cool for a melt-in-your-mouth texture. Enjoy them with a cup of milk or chocolate

(or even Milo for an extra treat).

They evoke childhood memories of making these with our late beloved mother, bringing joy, happiness, and maybe even a mischievous moment of sneaking a few pieces from the baking tray!

But what's new about this cookies? With a carefully measured new recipe that includes added vanilla bean paste, a special selection of peanuts, and a secret ingredient, we've elevated the taste to a whole new level. You have to try it to believe it!
